Power meets practicality in a space-saving industrial ally.

Built for the demanding environments of retail, hospitality, and light industry, the Thinvent Uno All-in-One PC puts dependable performance right where you need it. Its AMD Ryzen 5 processor handles multi-tasking with ease, whether you're running point-of-sale software, managing a digital signage network, or powering a self-service kiosk.

The 21.5-inch Full HD display delivers crisp, clear visuals from almost any angle, making it easy for customers and staff to interact. And with a pop-up 2-megapixel camera, you benefit from video conferencing or user verification on demand – with the privacy of a camera that only appears when you want it.

Why choose the Thinvent Uno?

- A robust all-in-one design that saves valuable counter or desk space, no separate tower required.
- Reliable wired networking via Gigabit Ethernet, perfect for secure, high-speed data transfer in fixed installations.
- Easy maintenance and a durable aluminium and steel chassis that stands up to daily use.
- Pre-installed with Windows 11 IoT Enterprise LTSC 2024, providing a stable, long-life platform for your business applications.

Whether you're upgrading a checkout line, setting up a reception desk, or deploying a control terminal, the Uno offers the no-nonsense reliability you need from a trusted industrial computing partner. It's a straightforward, space-conscious solution that just works – day in, day out.
