No WiFi

Windows 11 Professional

Fixed Stand

SKU: UNO22-R5_75-32_32-M512-19_7-X-11O-F

Big screen productivity, built for the workday.

The Thinvent Uno 21.5" All in One brings a full-size display and genuine desktop performance to counters, cabins, clinics and classrooms. With an AMD Ryzen 5 7530U processor under the hood, everyday work feels quick and responsive, so your team spends less time waiting and more time getting things done.

Why it earns its place on your desk

- A generous 21.5 inch full HD screen with wide viewing angles keeps documents, dashboards and billing screens clear from almost anywhere in the room, ideal for shared workstations and customer-facing counters.

Windows 11 Professional comes ready to deploy, so you

- can join it to your network, manage it with your existing tools and get staff working on day one.

- The all-in-one design means one tidy unit instead of a tower, monitor and cable clutter, which keeps workspaces clean and setup simple.
- A pop-up camera and built-in speakers make it ready for video calls and online meetings without extra purchases.
- Wired gigabit Ethernet keeps the connection steady, which suits offices, labs and shop floors where reliability matters more than wireless convenience.
- A Kensington lock point helps you secure the unit in public or shared areas.

If you need a dependable, large-screen workstation that arrives ready to run your business software, the Thinvent Uno is a smart, straightforward choice.

Thinvent Uno 21.5" All in One PC

Specifications

PROCESSING

Generation	7000 Series
Series	Ryzen 5
Processor Brand	AMD
Processor Model	7530U
Cores	6
Max Frequency	4.5 GHz
Cache	16 MB
Main Memory	64 GB
SSD Storage	512 GB

DISPLAY

Screen Size	21.5 inch
Resolution	1920 × 1080
Brightness	250 nits
Viewing Angle	Horizontal 178°, Vertical 178°
Camera	Pop up, 2 Megapixel
