Your all-in-one workspace, ready on day one.

The Thinvent Uno 21.5" All in One PC brings your counter, clinic desk or back office into one tidy machine. There is no tower to tuck away and no cable spaghetti to untangle, just a single screen that holds the whole computer.

Why teams choose the Uno

- Powered by an AMD Ryzen 5 7530U processor, so everyday work feels quick and responsive rather than a waiting game.
- The 21.5 inch full HD display with wide viewing angles stays clear from almost anywhere in the room, ideal for shared counters and reception desks.
- A pop up 2 megapixel camera keeps video calls and identity checks simple, and tucks away when the conversation is done.
- Dual band Wi Fi 5 and gigabit Ethernet keep you connected however your site is set up.
- Windows 11 Pro comes ready to go, so your software and security tools work from the first switch on.
- The height adjustable stand lets each user set the screen where their neck is happiest, shift after shift.
- Built into an aluminium alloy, steel and ABS housing with a Kensington lock point, it is made for busy public facing spaces.

If you want a dependable, uncluttered front desk machine that simply gets on with the job, the Thinvent Uno is the sensible pick.
