The Thinvent Uno 23.8" All-in-One PC – a clean, powerful centrepiece for your busy workspace.

A workspace that works as hard as you do

The Uno 23.8" brings together a crisp full-HD display and dependable processing power in one elegant, space-saving design. Say goodbye to tangled cables and bulky towers – this sleek all-in-one frees up your desk while delivering smooth, responsive performance for everyday business tasks, customer interactions and multi-window workflows.

Made for real-world use

Whether it sits at a reception desk, powers a point-of-sale setup, anchors a meeting room or handles back-office administration, the Uno is built to keep pace. Its height-adjustable stand makes it simple to find the perfect viewing angle, reducing strain during long shifts and making it equally comfortable for staff and customers. The pop-up camera adds a layer of privacy – tuck it away when it is not needed and bring it back for instant video calls.

Security and stability from the ground up

Running on Windows 11 Professional, this PC offers the advanced protection and management features your business needs. Dependable wired networking keeps your connection rock-steady, while the solid-state drive means faster boot times and snappy application loading – no waiting around.

A considered choice for any organisation

With its robust aluminium and steel construction, the Uno is designed to keep working through the busiest of days. From retail floors to professional offices, it is a neat, quiet and reliable tool that simply gets on with the job – so you can too. Backed by Thinvent's commitment to quality, it is the practical upgrade your workspace has been waiting for.
