Unleash efficiency without the clutter.

This isn't just a desktop; it's your space-saving command centre for demanding industrial and commercial environments. The sleek all-in-one design consolidates your setup into a single, robust unit, freeing up valuable workspace and simplifying installation. Its sturdy, height-adjustable stand ensures optimal viewing comfort for operators across long shifts, reducing strain and boosting productivity.

Built for reliability where it matters most

- Engineered for 24/7 operation in controlled environments, providing steadfast performance for digital signage, process monitoring, or factory floor data terminals.

- The fanless, solid-state design ensures silent running and exceptional reliability by eliminating moving parts that can fail in dusty or volatile settings.
- Offers essential connectivity for peripherals and legacy equipment, making integration into existing systems straightforward and cost-effective.
- Arrives without a pre-installed operating system, providing complete flexibility for you to install your preferred, specialised industrial software platform.

The Thinvent Uno delivers focused computing power with industrial durability. It's the streamlined, dependable solution that just works, day in and day out.
