The seamless all-in-one for business-critical displays.

Designed for reliability and simplified management, the Thinvent Uno is the clear choice for digital signage, interactive kiosks, and streamlined workstation deployments. Its all-in-one design eliminates clutter and maximises space, while its robust construction ensures it keeps performing day in, day out.

Why choose the Thinvent Uno

- Effortless deployment: Get up and running quickly with a pre-configured, purpose-built system that reduces setup complexity.
- Built for 24/7 operation: Engineered with industrial-grade components for unwavering reliability in demanding environments.

- Simplified remote management: Centrally monitor, update, and control your entire fleet of devices from anywhere, cutting down on-site visits.
- Versatile connectivity: Dual Ethernet ports and flexible I/O options allow for easy integration into existing networks and peripherals.
- Space-saving elegance: The sleek, integrated design with a crisp 23.8" display presents a professional image in any setting.

Ideal for

Powering point-of-sale systems, information displays in retail or hospitality, and dedicated workstations in factories and control rooms. It's the robust, manageable computing solution you can install and forget.
