Engineered for endurance, built for business.

Introducing the Thinvent® Uno All-in-One PC, where robust industrial design meets everyday operational simplicity. This is the reliable digital workhorse for environments that demand unwavering performance without the clutter.

Perfect for your workspace

From the factory floor to the retail point of sale, the Uno is built to integrate seamlessly. Its streamlined, all-in-one design saves crucial space and reduces cable chaos, creating a cleaner, more professional environment.

Why the Uno stands apart

- Experience a crisp, expansive 23.8" display that presents data clearly for monitoring, transactions, or control interfaces.

- Benefit from the efficiency of a modern Intel® Core™ processor, delivering smooth multitasking for business applications and in-house software.
- Rely on dual Ethernet ports for critical network redundancy or to connect to separate networks, a vital feature for security and uptime.
- Enjoy peace of mind with a durable, compact build that withstands the demands of daily commercial use in workshops, kiosks, or warehouses.
- Utilise the pop-up camera only when needed, maintaining security and privacy for sensitive locations.

Choose the Thinvent Uno for a dependable, space-saving computing solution that focuses purely on getting the job done, day in and day out. Simplify your setup and strengthen your operations.
