

# Thinvent Uno 23.8" All in One PC

## Intel Core Ultra 5 125U processor

12 core, up to 4.3 GHz, 12 MB cache

## Dual LAN

## 8GB DDR5 RAM

## 1TB SSD

## No WiFi

## Windows 11 Professional

## Fixed Stand

SKU: UNO24-CU5\_14L-8\_5-M1024-12\_5-X-110-F

Meet the all-in-one that means business – the Thinvent Uno 23.8" desktop, engineered for the modern workspace.

### A workspace that works as hard as you do

The Uno brings together a crisp, edge-to-edge 23.8" display and a responsive Intel Core Ultra processor, so every spreadsheet, dashboard and video call loads without the wait. Whether you're running a busy reception desk, managing a clinic or coordinating a control room, this PC keeps up with your pace – quietly, smoothly and without fuss.

### Connectivity that keeps you in control

Built with two gigabit LAN ports, the Uno is ready for secure, high-speed networks where reliability is non-negotiable. You can hook up a separate office network, or keep one line for data and another for VoIP – the flexibility is there when you need it. And with pop-up webcam, you get crisp video calls and total privacy at the flick of a finger.

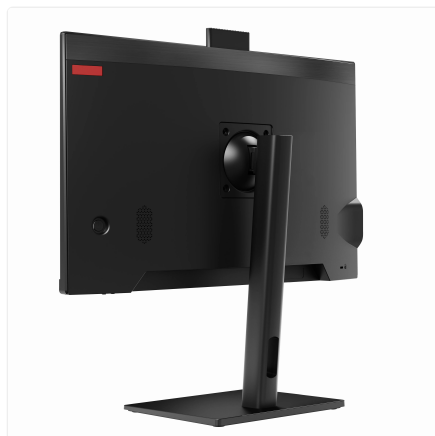

### A design that looks as solid as it performs

The aluminium and steel housing isn't just for show – it shrugs off the bumps and knocks of a busy counter or factory floor. The fixed stand holds the screen steady, while the compact footprint leaves your desk uncluttered. With Windows 11 Professional pre-installed, you're ready to plug in and get productive from the moment it arrives.

### A smart investment for any business

The Thinvent Uno is more than a PC – it's a dependable partner that lowers your total cost of ownership. No extra boxes, no tangled cables, no compromise on speed or security. For retail, healthcare, education and beyond, this is the all-in-one that simply gets on with the job – so you can too.

Choose the Uno and give your team the reliable, polished desktop they deserve.

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 14th    |
| Series          | Ultra 5 |
| Processor Brand | Intel   |
| Processor Model | 125U    |
| Cores           | 12      |
| Max Frequency   | 4.3 GHz |
| Cache           | 12 MB   |
| Main Memory     | 8 GB    |
| SSD Storage     | 1024 GB |

### DISPLAY

|               |                                |
|---------------|--------------------------------|
| Screen Size   | 23.8 inch                      |
| Resolution    | 1920 × 1080                    |
| Brightness    | 250 nits                       |
| Viewing Angle | Horizontal 178°, Vertical 178° |
| Camera        | Pop up, 2 Megapixel            |
| HDMI 2.0      | 1                              |
| VGA           | 1                              |

### AUDIO

|             |             |
|-------------|-------------|
| Speakers    | 2 × 3 Watts |
| Speaker Out | 1           |
| Mic In      | 1           |

### CONNECTIVITY

|              |   |
|--------------|---|
| USB 3.2      | 2 |
| USB 2.0      | 2 |
| Side USB 2.0 | 2 |
| RS485 Option | 1 |

### NETWORKING

|                |           |
|----------------|-----------|
| Ethernet       | 1000 Mbps |
| Ethernet Ports | 2         |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 5 Amps                                       |
| Power Input  | 100~240 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 35°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                                        |
