Engineered for the long run in the busiest environments.

Thinvent Uno: Your dedicated digital hub, built for reliability where it matters most. This all-in-one PC combines a vivid 23.8" display with robust, fanless computing power, designed to deliver day-in, day-out performance without fuss.

Perfect for demanding settings

- Serve as an unshakeable point-of-sale terminal or self-service kiosk.
- Operate as a central control panel for machinery or building management systems.
- Function as a durable digital signage player or information point in public areas.
- Act as a secure, dedicated workstation for specialised industrial software.

Why choose the Uno

Uncompromising uptime: With no moving parts and a rugged aluminium alloy construction, it shrugs off dust, vibration, and continuous operation.

Streamlined and secure: The integrated Thinix operating system is built for stability and remote management, reducing IT overhead and vulnerability.

Simplified connectivity: Dual Ethernet ports offer network redundancy or segregation, ensuring your critical applications stay online.

Space-saving design: The all-in-one form factor eliminates desktop clutter, making installation in tight spaces clean and straightforward.

Invest in a workhorse designed to perform. The Thinvent Uno delivers steadfast computing power where you need it most, year after year.
