The central hub for your productive workspace, simplified.

### Engineered for reliability

Meet the Thinvent Uno All-in-One PC. Designed to be the steadfast nerve centre for business-critical environments, it combines a large, crisp display with robust computing in one streamlined, space-saving unit. Its clean, integrated design minimises cable clutter and maximises desk real estate, allowing your team to focus on the task at hand without distraction.

### Built for enduring performance

Experience smooth, dependable operation for daily office tasks, digital signage, and process control. The powerful Intel® Core™ processor efficiently handles multitasking, while dual Gigabit Ethernet ports ensure a rock-solid, secure network connection where it matters most. The Ubuntu Linux operating system offers a stable, secure, and cost-effective platform.

### Designed for all-day comfort and security

The height-adjustable stand lets you find the perfect viewing angle, reducing neck and eye strain. A pop-up camera provides privacy when not in use, and the robust, lockable construction deters theft in shared or public spaces. This is the clear choice for a no-nonsense, professional computing solution that just works, day in and day out.
