Engineered for endurance, designed for simplicity.

Meet the Thinvent® Uno 23.8" All-in-One PC, your steadfast partner for continuous operation in demanding environments. This isn't just a computer; it's a reliable workhorse built to streamline your daily tasks without fuss or failure.

Perfect for your mission-critical operations

- Effortlessly manage digital signage, kiosks, or control panels with its clean, all-in-one design.
- Host essential applications for point-of-sale, logistics, or factory floor monitoring with consistent, reliable performance.

- Serve as a dedicated terminal for remote access and management, keeping your operations centralised and secure.

Why choose the Uno?

Its robust, space-saving form factor declutters any workspace, from a busy workshop to a public information point. The integrated, height-adjustable stand ensures comfortable viewing all day long, reducing operator strain. With its pre-installed, optimised operating system, it boots swiftly and runs your core business applications securely and reliably, day in and day out. This is plug-and-play productivity, engineered to work where you need it most.
