The central hub for your productive workspace, simplified.

Engineered for reliability

Meet the Thinvent Uno All-in-One PC. Designed to be the steadfast nerve centre for business-critical environments, it combines a large, crisp display with robust computing in one streamlined, space-saving unit. Its clean, integrated design minimises cable clutter and maximises desk real estate, allowing your team to focus on the task at hand without distraction.

Built for enduring performance

Experience smooth, dependable operation for daily office tasks, digital signage, and process control. The powerful Intel® Core™ processor efficiently handles multitasking, while dual Gigabit Ethernet ports ensure a rock-solid, secure network connection where it matters most. The Ubuntu Linux operating system offers a stable, secure, and cost-effective platform.

Designed for all-day comfort and security

The height-adjustable stand lets you find the perfect viewing angle, reducing neck and eye strain. A pop-up camera provides privacy when not in use, and the robust, lockable construction deters theft in shared or public spaces. This is the clear choice for a no-nonsense, professional computing solution that just works, day in and day out.
