Engineered for the long shift: the Thinvent® Uno All-in-One.

Built for demanding environments, the Uno delivers robust, reliable computing in a clean, space-saving design. It's the central hub your operations can depend on, day after day.

### Ideal use cases

- The heart of your production line control station.
- A durable display for digital signage and kiosks.
- A streamlined workstation for logistics and warehouse management.
- A dependable terminal for lab environments and quality control.

### Why choose the Uno All-in-One

- Unwavering reliability in a compact, all-in-one footprint, saving valuable desk and floor space.

- Engineered for continuous operation in industrial settings where downtime is not an option.
- Dual LAN ports provide critical network redundancy and flexible connectivity options.
- The height-adjustable stand ensures perfect ergonomics for any operator or installation.
- A clean, fanless design minimises dust intake and eliminates a common point of failure for silent, maintenance-free running.
- Delivered without an operating system for complete software control and seamless integration into your existing secure network.
