The All-in-One That Works as Hard as You Do

Unleash streamlined efficiency in any demanding environment. The Thinvent Uno consolidates your entire workstation into a single, robust unit, designed for 24/7 reliability where it matters most.

Perfect for Your Operations

- Deploy a powerful, space-saving hub for factory floor monitoring and control.
- Drive digital signage and customer-facing kiosks with crisp, clear visuals.
- Manage logistics and warehouse systems with dependable, always-on connectivity.

- Simplify point-of-sale or back-office administration with a neat, integrated solution.

Built for Business, Designed for Durability

Its industrial-grade construction is built to withstand the rigours of daily commercial use, from dust and vibration to constant operation. The integrated design means fewer cables, less clutter, and a significantly reduced footprint, freeing up valuable space. With dual Ethernet ports for network redundancy and flexible connectivity options, it ensures your critical operations stay online. This is the reliable, go-anywhere computing core your business can depend on, day in and day out.
