Meet the Uno: a dependable all-in-one that keeps your workspace tidy, your data secure and your day running smoothly.

A workspace that works as hard as you do

- Streamline your desk with a single, space-saving design that removes cable clutter and gives you more room to focus.
- Enjoy crisp, clear visuals on a bright Full HD screen, with wide viewing angles that make it easy to share and collaborate.
- Keep your premises looking professional with a sleek, practical finish built for everyday business environments.

Built for the realities of daily business

- Rely on steady, consistent performance for the office tasks that matter – from email and spreadsheets to web-based applications and customer management.
- Stay productive even in demanding settings, with a sturdy chassis engineered to handle the heat, dust and long hours of a busy working day.

- Connect with confidence using the built-in ethernet port for fast, stable wired networking – perfect for fixed workstations where reliable connectivity is non-negotiable.

Security and privacy built in

- Use the clever pop-up camera for video calls when you need it, and tuck it away when you don't for complete peace of mind.
- Run on Windows 11 Professional, giving you robust business-grade protection, encryption and management tools right out of the box.

The smart choice for any front desk, shop floor, office or control room – the Uno is the unassuming workhorse that never lets you down. Simple to deploy, simple to use and simple to rely on. Give your team the tool that quietly gets on with the job.
