

Thinvent Uno 23.8" All in One PC

Intel Core i5-12450H processor

8 core, up to 4.4 GHz, 12 MB cache

16GB DDR4 RAM

512GB SSD

No WiFi

Windows 11 Pro

Height Adjustable Stand

SKU: UNO24-I5_12H-16-M512-12_10-X-11P-HA

Make every seat in your business a powerhouse.

Your retail floor, your factory line, even your clinic reception – the Uno 23.8 All-in-One is built to take the daily grit out of daily computing.

It is a workstation designed for action, not for the cosseted conditions of an office corner. The robust aluminium and steel construction shrugs off bumps and the occasional jolt, keeping your teams productive in environments where a standard PC would cough and splutter. And with a pop-up privacy camera, cleaner data is safer data.

Professionals get focus and speed when it counts. A full set of connectivity ports means no fumbling for the right dongle; plug bar code scanners or extra screens straight in. The height-adjustable stand puts a precisely the perfect angle for your operator, colleagues, or your stock management array.

Storage capacity is built for operational longevity and recovery, without the distraction of a fragile spinning disk.

It prepares businesses to run compliance easy through features like Win 11 Pro security right out of the packaging within BR.

Stop spending hours reintegrating printers that break in wet teams factory-side mistakes nearly yearly. The guaranteed stiction out handling area passes the official requirement at cheapest fix.

If your current tech suffers cycle stress click tension buy why should see daily unlock wait while wind windows loads skip slots on low street bodd standard. Cover work walls content over battery field reset. Select today get positive front loop behind cash returns productivity same house.
