Power your industrial workspace with the rugged simplicity of the Thinvent Uno – engineered for non-stop reliability and effortless control.

Built for the real world

- Enjoy a clutter-free, all-in-one design that saves desk space and cuts cable chaos
- The height-adjustable stand lets you find the perfect viewing angle, reducing operator fatigue over long shifts
- Thinux Embedded Linux boots quickly, stays secure and never slows down – no bloatware, no forced updates, just consistent performance
- Run essential business applications directly: web kiosks, remote desktop, SIP voice, multimedia playback and office documents, all straight out of the box
- The pop-up 2MP camera delivers clear video calls or customer-facing interactions when you need them, and tucks away for privacy the rest of the time
- Dual-band Wi-Fi and Gigabit Ethernet keep you connected, wherever you need to be on site

- With a wide viewing angle and full HD screen, it handles dashboards, signage and data entry with ease

Why choose Thinvent Uno

- It is purpose-built for demanding environments – reception desks, factory floors, hospitals and retail counters
- Low-power 12V operation means energy savings and safer installations in sensitive locations
- Remote management tools (VNC, SSH, browser-based console) let your IT team administer dozens of units from one place
- Extended lifecycle and industrial components reduce total cost of ownership compared to consumer PCs
- Backed by Thinvent's expertise in embedded computing, so you get a stable platform that just works

Streamline your operations today with the Thinvent Uno – the all-in-one that puts performance and reliability where you need it most.
