Command your workspace with streamlined power and a clutter-free design.

The Thinvent Uno 23.8" All-in-One PC is engineered for demanding professional environments where space is at a premium and reliability is non-negotiable. Its integrated, compact form liberates your desk from the tangle of separate components, creating a clean, focused, and professional work area.

### Uncompromised performance for critical tasks

- Experience smooth multitasking and rapid data handling with the power of a high-performance Intel Core processor, keeping your operations running without delay.
- Dual Gigabit Ethernet ports provide robust and redundant network connectivity, essential for point-of-sale systems, digital signage, or industrial control panels.

- The height-adjustable stand ensures perfect ergonomic positioning for every user, reducing strain and boosting productivity during long shifts.

### Built for durability and security

- Housed in a robust, industrial-grade chassis, the Uno is built to withstand the rigours of 24/7 operation in shops, factories, and warehouses.
- The integrated Kensington lock slot offers simple, physical security for your valuable hardware in public or shared spaces.
- A flexible, driver-free design allows you to install your preferred operating system, giving you complete control over your software environment.

Embrace efficiency. Choose the Thinvent Uno for a robust, space-saving computing solution that delivers focused performance where it matters most.
