Engineer simplicity, maximise productivity.

Meet the Thinvent® Uno 23.8" All-in-One PC. This sleek, all-in-one solution is engineered to declutter your workspace and streamline demanding business operations. Its powerful multi-core performance handles everything from complex point-of-sale systems and digital signage to industrial monitoring and office multitasking with remarkable ease.

Built for the real world

- Experience seamless reliability with robust dual Ethernet connectivity, perfect for network redundancy or running separate systems on a single, tidy unit.
- Adapt to any task with the versatile, height-adjustable stand, ensuring ergonomic comfort for every user throughout the day.

- Enjoy crystal-clear communication with the discreet pop-up camera, ideal for secure video conferencing when you need it.
- Benefit from exceptional flexibility, supplied without an operating system so you can install your preferred, specialised software for a perfectly tailored solution.
- Deploy with confidence in varied environments, thanks to a durable, professional-grade build that stands up to continuous use.

The Uno consolidates power, connectivity, and a stunning display into one intelligent footprint. It's the clear choice for businesses seeking a professional, powerful, and adaptable computing hub without the complexity.
