Engineered for demanding environments, built for simplicity.

Meet the Thinvent Uno All-in-One: the ultimate space-saving industrial workhorse. Designed for 24/7 reliability in challenging settings, it consolidates your entire workstation into a single, robust unit. Say goodbye to bulky towers and messy cable clutter, freeing up valuable floor and desk space for what matters most.

Ideal use cases

- Digital signage and interactive kiosks in retail or hospitality.
- Factory floor control stations and HMI applications.
- Reception desks and public information points.
- Light industrial computing and process monitoring.

Why choose the Thinvent Uno

Uncompromising reliability

Constructed from premium materials, the Uno is built to endure. Its fanless, solid-state design ensures silent, dust-resistant operation for years of trouble-free service in dusty or volatile environments.

Maximum connectivity and control

With dual Ethernet ports, you gain superior network flexibility for critical data transfer or network redundancy. The comprehensive I/O panel offers effortless connection to a world of peripherals and legacy equipment.

Total operational efficiency

The sleek, all-in-one design drastically reduces installation time and maintenance headaches. The energy-efficient power profile and durable fixed stand mean lower running costs and a secure, steadfast presence wherever you place it.

Deploy a cleaner, smarter, and more dependable computing solution. Choose the Thinvent Uno All-in-One.
