Big-screen productivity, built to work as hard as you do.

The Thinvent Uno 23.8" All in One brings a generous full HD display and serious Intel Core i5 performance together in one clean, desk-friendly machine. With twelve cores ready to handle multitasking, data-heavy applications and everyday business workloads, it keeps pace with demanding teams without cluttering the workspace.

**Why choose the Uno**

- One tidy solution: the display, computer, speakers and pop-up camera are integrated into a single unit, freeing your desk from cables and boxes.
- Built for busy workplaces: dual Ethernet ports make it simple to connect to separate networks, whether you are running office systems alongside a dedicated operations or surveillance network.
- Comfort for long days: the height adjustable stand lets each user set the screen to their ideal position, while wide viewing angles keep the picture clear from almost anywhere in the room.
- Ready for your environment: an aluminium alloy and steel housing with a Kensington lock point supports secure, dependable deployment in offices, clinics, classrooms and front-desk areas.
- Flexible by design: supplied without an operating system, so you can install the platform and software that suit your organisation.
- Clear collaboration: the pop-up 2 megapixel camera and stereo speakers make video calls and presentations straightforward.

  Whether you are equipping a reception desk, a control room or a full floor of workstations, the Uno delivers a professional all-in-one experience with the performance to match.
