Meet the Uno: the all-in-one that keeps your workspace effortlessly professional.

A workspace that works as hard as you do

The Thinvent Uno 23.8" All-in-One PC brings together crisp full-HD visuals, a responsive Intel® Core™ i5 processor, and a clean, uncluttered design that turns any desk into a command centre. Whether you're managing a busy front desk, running point-of-sale operations, or handling daily office tasks, the Uno delivers the smooth, dependable performance you need without the bulk of a traditional tower.

Built for busy environments

- Handle your busiest days with a fast, ten-core processor that powers through spreadsheets, web apps, and video calls without breaking a sweat.
- Present your best face with a discreet pop-up camera that tucks away when not in use, protecting your privacy and your professionalism.

- Enjoy a comfortable viewing experience thanks to a height-adjustable stand that lets you tailor the screen to your posture.
- Keep your operations running reliably with a sturdy aluminium and steel build, designed to withstand the rigours of continuous use.

Ready when you are

From retail counters and reception areas to back-office teams, the Uno is a dependable partner that arrives ready to work with Windows 11 Professional installed. The generous 23.8-inch display makes multitasking simple, while the built-in gigabit Ethernet keeps your connections steady and secure. And with multiple USB ports on hand, you can plug in your peripherals and get straight to business.

Choose the Thinvent Uno for a tidy, capable, and genuinely enjoyable computing experience that looks as good as it works. It's the straightforward upgrade your workspace has been waiting for.
