No WiFi

DOS

Height Adjustable Stand

SKU: UNO24-I5_13-4-M256-12_5-X-DOS-HA

Thinvent® Uno: Unrivaled Power, Uncompromised Productivity.

Introduction

Experience the pinnacle of efficiency with the Thinvent® Uno 23.8" All in One PC. Engineered for demanding workloads and designed with elegance, this AIO PC delivers a powerful, space-saving solution for professionals and businesses.

Unrivaled Performance

At its core, the Thinvent® Uno boasts an Intel® Core™ i5-1335U processor featuring 10 cores and reaching speeds up to 4.6 GHz with a 12 MB cache. This powerhouse ensures seamless multitasking and rapid execution of complex applications. Paired with a colossal 64GB DDR4 RAM and a responsive 256GB SSD, you'll experience lightning-fast boot times, instantaneous program loading, and fluid operation across all your tasks.

Stunning Visuals & Seamless Communication

Immerse yourself in crystal-clear visuals on the expansive 23.8-inch Full HD display, presenting content with a crisp 1920 × 1080 resolution and 250 nits brightness. Wide 178° horizontal and vertical viewing angles guarantee picture perfection from any perspective. Elevate your virtual meetings with the integrated pop-up 2 Megapixel camera, ensuring privacy when not in use and sharp video quality when engaged. Dual 3 Watt speakers deliver clear audio, complemented by speaker out and mic in ports for enhanced audio flexibility.

Comprehensive Connectivity & Ergonomics

Connect all your essential peripherals effortlessly with a versatile array of ports

- Two USB 3.2 ports for high-speed data transfer
- Four USB 2.0 ports, including two conveniently located on the side
- Dedicated HDMI and VGA outputs for expanding your workspace
- A robust 1000 Mbps Ethernet port ensures stable, high-speed wired network access.

The height-adjustable stand offers optimal viewing comfort, reducing strain during long work sessions.

Built for Reliability & Security

Crafted from a durable aluminium alloy, steel, and ABS plastic housing in a sleek black finish, the Thinvent® Uno is built to last. A Kensington Lock provides added physical security. This PC operates within a wide temperature range of 0°C to 35°C and is certified with RoHS, ISO, and BIS, affirming its quality and environmental compliance. With FreeDOS pre-installed and no built-in WiFi, it offers a secure, customizable foundation, ideal for environments requiring strict wired network protocols and a tailored operating system deployment.
