Unlock streamlined productivity in a sleek, all-in-one design.

The Thinvent Uno is engineered for demanding commercial and industrial environments where space is at a premium but performance is non-negotiable. Its powerful processor effortlessly handles multi-tasking applications, from complex POS systems and digital signage to factory floor control panels, ensuring your operations run without a hitch.

Built for reliability and ease

- The robust, compact aluminium alloy chassis saves valuable desk or counter space, integrating everything into a single, clean unit.

- Dual Ethernet ports provide critical network redundancy for always-on connectivity, perfect for secure data transfers or network segmentation.
- The height-adjustable stand allows you to tailor the viewing angle for operator comfort throughout long shifts, reducing strain and boosting efficiency.
- With its pop-up camera and high-quality speakers, it's ready to facilitate clear video conferencing and communication when you need it.

Simplify your setup, minimise clutter, and deploy a consistently reliable workstation. The Thinvent Uno delivers focused power where you need it most.
