Thinvent Uno: All-in-One Industrial Computing Excellence

Unclutter your space and supercharge your operations. The Thinvent Uno consolidates power and display into one robust, space-saving unit, designed to thrive where standard PCs falter. Its sleek aluminium alloy construction houses formidable performance for demanding factory floor applications, digital signage, and control room environments.

Key Advantages

- Effortless multi-tasking with robust processing power, handling complex data and multiple applications smoothly to keep your workflow uninterrupted.

- Stay reliably connected with dual Gigabit LAN ports, ensuring critical data transfer and network redundancy for mission-critical operations.
- The height-adjustable stand offers perfect ergonomic viewing, reducing operator fatigue during long shifts for a more comfortable and productive workspace.
- A clean, integrated design with a pop-up camera minimises desk clutter, simplifies installation, and withstands the rigours of industrial settings.

Engineered for endurance and built to perform, the Thinvent Uno is the streamlined, powerful solution for professionals who need reliability without compromise.
