Engineered for the relentless pace of modern business.

The Thinvent® Uno All-in-One PC consolidates your entire workstation into one sleek, professional unit. It's designed to deliver robust, dependable performance day in and day out, freeing up your workspace and your team's focus for the tasks that truly matter.

Built for business continuity

- Experience smooth multitasking and swift application response with powerful Intel® processing, keeping your operations flowing without frustrating lag.
- The streamlined, all-in-one design eliminates cable clutter and saves valuable desk real estate, creating a cleaner, more professional environment.
- With dual Gigabit Ethernet ports, ensure a steadfast, high-speed wired network connection for reliable data transfer and communication, crucial for point-of-sale, kiosks, or control room applications.

- The integrated pop-up camera offers convenient, on-demand video conferencing while maintaining privacy and security when not in use.

Ideal for demanding environments

From digital signage and interactive kiosks in retail spaces to process monitoring on the factory floor, the Uno is built to perform. Its fixed stand provides stable placement, while the industrial-grade construction offers lasting durability. Pre-installed with the secure and efficient Ubuntu Linux, it provides a stable platform for custom software deployments, reducing overheads and complexity.

Simplify your setup, secure your operations, and power your productivity with the uncompromising reliability of the Thinvent Uno.
