Unleash professional power in a clean, all-in-one design.

Engineered for the modern workspace

Say goodbye to bulky towers and tangled cables. The Thinvent Uno consolidates your entire computing setup into one sleek, space-saving unit. Its vibrant 23.8-inch display provides a crisp, expansive canvas for multitasking, while the integrated pop-up camera ensures your video conferences are always professional and private when not in use.

Built for reliability and seamless connectivity

Designed to perform day in, day out, this system thrives in demanding environments. With dual Ethernet ports, you gain unparalleled network flexibility and redundancy for critical operations. Connect a wealth of peripherals effortlessly with multiple USB ports, and enjoy stable wireless connectivity. The robust, fixed stand and durable aluminium alloy construction offer steadfast stability on any desk.

The secure, streamlined solution for business

Pre-installed with Ubuntu Linux, you benefit from a powerful, secure, and low-maintenance operating system that resists malware and avoids licensing fees. Its efficient performance handles everyday business software, digital signage, kiosk applications, and control room tasks with quiet, cool reliability. Simplify your IT footprint and empower your team with a professional-grade computing hub.
