

# Thinvent Uno 23.8" All in One PC

## Intel Core i7-1255U processor

10 core, up to 4.7 GHz, 12 MB cache

## Dual LAN

16GB DDR4 RAM (2 x 8GB)

## 512GB SSD

## No WiFi

## Thinux Embedded Linux

## Fixed Stand

SKU: UNO24-I7\_12L-8\_8-M512-12\_7-X-THINUX-F

The All-in-One Engine for Demanding Tasks: Introducing the Thinvent Uno. Engineered for relentless performance in the most challenging environments, this robust computer streamlines your operations without the clutter of a traditional tower.

### Built for Purpose in Industrial Settings

- Experience exceptional reliability with a fanless design, perfect for dust-sensitive or quiet environments.
- Benefit from a brilliant 23.8" display that delivers clear visibility from any angle on the shop floor or control room.
- Leverage dual Ethernet ports for seamless network integration, data collection, or creating dedicated secure networks.
- Enjoy the simplicity and security of a dedicated Thinux operating system, built for stability and remote management.

### Your Operational Hub

Ideal for digital signage, machine interfacing, or process control, the Uno consolidates your workflow. Its compact, all-in-one aluminium alloy construction saves vital space while resisting the rigours of daily industrial use.

### Simplify Management and Deployment

- Remotely configure, monitor, and update your entire fleet from a single, browser-based dashboard.
- Deploy specialised applications with confidence using built-in support for essential development tools.
- Connect with ease using a comprehensive suite of ports for peripherals, legacy equipment, and external displays.

Choose the Thinvent Uno for a powerful, space-saving, and supremely manageable computing solution that gets to work where you need it most.

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i7      |
| Processor Brand | Intel   |
| Processor Model | 1255U   |
| Cores           | 10      |
| Max Frequency   | 4.7 GHz |
| Cache           | 12 MB   |
| Main Memory     | 16 GB   |
| SSD Storage     | 512 GB  |

### DISPLAY

|               |                                |
|---------------|--------------------------------|
| Screen Size   | 23.8 inch                      |
| Resolution    | 1920 × 1080                    |
| Brightness    | 250 nits                       |
| Viewing Angle | Horizontal 178°, Vertical 178° |
| Camera        | Pop up, 2 Megapixel            |
| HDMI          | 1                              |
| VGA           | 1                              |

### AUDIO

|             |             |
|-------------|-------------|
| Speakers    | 2 × 3 Watts |
| Speaker Out | 1           |
| Mic In      | 1           |

### CONNECTIVITY

|              |   |
|--------------|---|
| USB 3.2      | 2 |
| Side USB 2.0 | 2 |
| RS485 Option | 1 |

### NETWORKING

|                |           |
|----------------|-----------|
| Ethernet       | 1000 Mbps |
| Ethernet Ports | 2         |

### POWER

|             |                                 |
|-------------|---------------------------------|
| DC Voltage  | 12 Volts                        |
| DC Current  | 7 Amps                          |
| Power Input | 100~275 Volts AC, 50~60 Hz, 1.5 |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 35°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                                        |
|----------------------|----------------------------------------|
| Form Factor          | All-in-One                             |
| Stand                | Fixed                                  |
| Dimensions           | 541mm × 400mm × 55mm                   |
| Housing Material     | Aluminium alloy, steel and ABS Plastic |
| Housing Colour       | Black                                  |
| Kensington Lock      | Yes                                    |
| Net and Gross Weight | 8.53kg, 8.53kg                         |

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                    |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                   |
| OS Features      | Chromium and Mozilla Firefox browsers.<br>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.<br>Browser based remote management. VNC shadowing.<br>Java, Python and glibc based location application support.<br>LibreOffice and PDF viewer.<br>Multimedia player with MPEG4 support.<br>SIP video and voice over IP. |
