Power meets practicality in the Thinvent Uno 23.8" All-in-One – the streamlined workstation that upgrades your workspace without upending it.

Designed for professionals who value both performance and a tidy desk, this all-in-one eliminates cable clutter and frees up valuable space. Whether you're managing a busy reception desk, running a retail point-of-sale system, or coordinating tasks in a control room, the Uno delivers smooth, responsive operation for everyday business applications.

The height-adjustable stand lets you find the perfect viewing angle, reducing neck strain during long shifts. Its crisp 23.8-inch Full HD display makes spreadsheets, dashboards, and customer interfaces clear and comfortable to read from any angle. Pop-up privacy camera keeps video calls secure when you need them – and discreetly hidden when you don't.

Built for continuous use, the Uno draws low power from a compact 12V adapter, keeping energy bills down. With Windows 11 IoT Enterprise LTSC for a stable, long-term platform, you get a reliable workhorse that stays focused on your tasks without unnecessary updates.

Choose Thinvent when you need an all-in-one that's as practical as it is powerful – a space-saving, eye-caring, hard-working computer that adapts to your environment, not the other way around.
