Work smarter, not harder – the Thinvent Uno 23.8" All-in-One PC puts professional-grade computing right on your desk.

Built for the modern workplace where clarity, comfort, and quiet power matter, this all-in-one from Thinvent lets you leave the tangle of cables and bulky towers behind. With an AMD Ryzen 5 processor humming under the hood, you get responsive multitasking for everyday office applications, data entry, finance software, and customer management tools. No lag, no waiting – just smooth, reliable performance that keeps your team productive from morning to evening.

The 23.8-inch full HD display delivers crisp visuals and wide viewing angles, making it ideal for shared workspaces, reception desks, or collaborative environments. Pop-up webcam offers privacy when you need it, and the integrated speakers and microphones are ready for video calls and training sessions straight out of the box.

Running Ubuntu Linux 24.04 LTS, the Uno is perfectly suited for organisations that value open-source flexibility, enhanced security, and low total cost of ownership. No licensing fees, fewer vulnerabilities, and effortless customisation.

The height-adjustable stand is a game-changer for ergonomic setups. Raise or lower the screen to suit each user's posture – great for hot-desking or multi-shift environments. The slim aluminium and steel housing looks professional and withstands daily use, while the Kensington lock gives added peace of mind in open offices.

Need offline secure access or a dedicated point-of-sale terminal? Thinvent's rugged reliability and thoughtful design make the Uno the dependable choice for sectors like retail, healthcare, education, and logistics.

Choose the Thinvent Uno 23.8" – where thoughtful engineering meets everyday usability.
