Power your workspace with the Thinvent Uno 23.8" All-in-One – performance that keeps pace with your business.

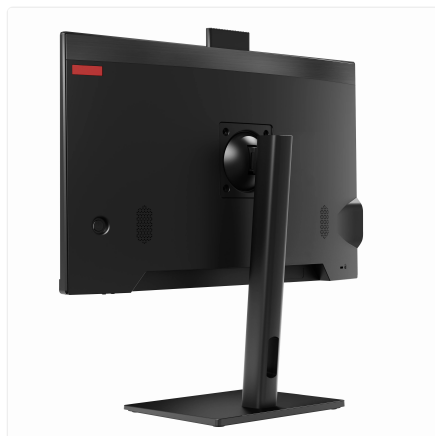

Designed for the practical professional

- Tackle daily office tasks, customer interactions, and data entry with the smooth, responsive AMD Ryzen 5 processor – no waiting, just working.
- The integrated 23.8" full HD display gives you crisp, clear visuals for spreadsheets, point-of-sale systems, or kiosk applications, all in one slim, tidy package.
- With a fixed stand and compact footprint, this all-in-one saves precious desk space while keeping your setup solid and stable.
- Built with an aluminium alloy and steel chassis, it's tough enough for busy retail counters, reception desks, or light industrial environments.
- The pop-up 2MP camera keeps video calls secure and out of sight when not in use – perfect for remote meetings or staff training.

- Dual speakers and clear audio output mean you can integrate voice prompts or public announcements without extra hardware.
- Windows 11 IoT Enterprise LTSC offers a reliable, long-term platform with reduced update disruption – ideal for dedicated, mission-critical roles.
- Simple 12V power and efficient internals keep energy costs low, and the 2-metre cable gives flexible placement options.

Why choose the Thinvent Uno?

Because it delivers dependable, everyday computing power in a space-saving design that's easy to deploy and maintain. Whether you're running a retail point-of-sale, a self-service kiosk, or a data entry station, this all-in-one simplifies your setup and keeps your team productive. Backed by Thinvent's industrial-grade build quality and certifications, it's the smart choice for businesses that need reliability without the bulk.
