Power your workspace with silent efficiency.

Experience a new level of streamlined productivity with the Thinvent Uno 23.8" All-in-One PC. Powered by the AMD Ryzen 5 7430U processor, this machine delivers the responsive performance you need for multitasking, data entry, and everyday business applications without the bulk of a traditional desktop.

Why choose the Thinvent Uno for your business or home office?

- A clutter-free setup that combines a vibrant 23.8-inch Full HD display with powerful computing in one sleek, space-saving unit
- Dependable performance for demanding office software, web browsing, and video conferencing – the AMD Ryzen 5 handles it all with ease

- Professional-grade reliability built into every component, from the aluminium alloy housing to the rock-solid Windows 11 Pro operating system

- Simple, secure operation with a pop-up webcam that only appears when you need it, protecting your privacy between calls

- Flexible connectivity for your existing peripherals and network, so you can plug in and get to work immediately

The Thinvent Uno is the perfect replacement for ageing office desktops or a smart upgrade for your reception desk, retail counter, or remote workstation. It offers a clean, modern look and lasting value – no separate tower, no tangled cables, just effortless computing. Choose the All-in-One that puts your work first.
