Big screen performance for busy workdays.

The Thinvent Uno 23.8" All in One PC brings a full-size desktop experience to any workspace without the clutter of a separate tower. Powered by an AMD Ryzen 5 7530U processor, it handles everyday business software, browsing, spreadsheets and video calls with ease.

Why it works for your business

- A 23.8 inch Full HD display with wide viewing angles makes documents, dashboards and presentations easy to read from almost anywhere in the room.
- The pop-up 2 megapixel camera keeps you ready for meetings while staying out of sight when you are not on a call.
- The height adjustable stand lets each user set the screen to a comfortable position, reducing strain during long days.
- Dual band WiFi and Gigabit Ethernet keep you connected in the office or at a desk with a wired line.
- Windows 11 Professional is ready for business from day one, with the security and management tools professional environments expect.

Built for the workplace

- The all in one form factor saves desk space and simplifies setup, with no tower to find room for.
- A Kensington lock point helps you secure the device in shared or public areas.
- Aluminium alloy, steel and ABS housing give it a solid, professional look that suits front desks, offices and workstations.

The Thinvent Uno is a practical choice for teams that want a clean desk, a big screen and dependable everyday performance in one package.
