512GB SSD

No WiFi

Windows 11 Professional

Fixed Stand

SKU: UNO24-R5_75-32_32-M512-19_7-X-11O-F

Big screen productivity, ready to work from day one.

The Thinvent Uno 23.8" All in One brings a generous full high definition display and genuine AMD Ryzen 5 performance together in one tidy, desk friendly machine. It is built for people who would rather get on with the job than wrestle with cables, clutter and slow hardware.

Why it earns its place on your desk

- The 23.8 inch screen with wide viewing angles keeps documents, dashboards and spreadsheets crisp and comfortable, even when you are sharing the view with a colleague.
- AMD Ryzen 5 power with six cores keeps everyday work flowing, from email and browsing to spreadsheets and video calls.
- Windows 11 Professional comes ready to go, so you can set up and start working straight away.

- A built in pop up camera and stereo speakers make video meetings simple, with no extra kit to buy or position.
- Ethernet, HDMI, VGA and plenty of USB ports let you connect the peripherals and displays you already own.
- The Kensington lock point helps you secure the machine in shared or public facing spaces.

Where it fits

- Front desks, clinics and service counters where a clean, self contained terminal looks the part.
- Back offices and admin teams that need dependable everyday computing.
- Training rooms and workstations where a large, clear display matters.

If you want a straightforward all in one that handles real work without fuss, the Thinvent Uno is the sensible choice.

Thinvent Uno 23.8" All in One PC

Specifications

PROCESSING

Generation	7000 Series
Series	Ryzen 5
Processor Brand	AMD
Processor Model	7530U
Cores	6
Max Frequency	4.5 GHz
Cache	16 MB
Main Memory	64 GB
SSD Storage	512 GB

DISPLAY

Screen Size	23.8 inch
Resolution	1920 × 1080
Brightness	250 nits
Viewing Angle	Horizontal 178°, Vertical 178°
Camera	Pop up, 2 Megapixel
