Thinvent Micro 1
Thin Client

Thin Client

Thinvent's Micro 1 thin client is our best selling RDP thin client. It is ARM based, entry-level and comes with a Linux based operating system customised in-house software team.

The inbuilt VESA mount saves desk space. Hassle free installation of this device behind the monitor makes the life of your IT department easy.

The M1 Thin Client uses very little power, is lightweight, and is noiseless. It is a must buy thin client for schools and offices.
