

Securing 5,000+ Branches

AXIS BANK

Securing 5,000+ Axis Bank Branches

Thinven Neo R: Rugged, Reliable, 24/7

Axis Bank — India's 3rd Largest Private Sector Bank

NVR locked away · Neo Mini PC on every manager's desk · 5,000+ branches · Since 2019

5,000+

Branches secured nationwide since 2019

24/7

Continuous surveillance — 99.9%+ uptime

0

Local video storage — zero data theft risk at the desk

≈0

Maintenance — fanless, solid-state, built to last

THE CHALLENGE

Secure the NVR. Keep the manager watching.

NVR units at risk of tampering or theft

Managers need live feeds from their desk

5,000+ branches — must scale & centralise

Near-zero maintenance across the network

THE SOLUTION

Neo Mini PC — a secure window to the NVR

- NVR locked in tamper-proof cabinet**
Physical isolation — no unauthorised access to recording hardware, ever.
- Neo Mini PC — encrypted IP display terminal**
Secure tunnel from desk to NVR. Real-time camera feeds. Zero latency.
- Thinix OS or Windows 11 IoT**
Locked-down OS. Purpose-built for surveillance access only.
- Fanless Intel N100 — silent, solid-state**
No moving parts. No dust failure. Runs for years without any intervention.

”

The NVR is locked away. The manager sees everything. The footage is untouchable. That's the elegance of the solution.

— THINVENT ARCHITECTURE

5,000+ Since 2019

Every Axis Bank branch in India protected — surveillance secured, managers informed, footage untouchable.
